Security Management

Become a security manager...

This qualification is for security supervisors and security business managers who are required to lead teams to coordinate and implement a range of security operations. Characteristics of a Security Manager:

- Excellent understanding of the security industry
- Strong leaders
- Problem solvers
- Business minded
- Building client relationships

Full terms and conditions of enrolment are available on our website in the Student Information menu.

Entry Requirements

There are no pre-requisite entry requirements for this qualification, however, the security industry is subject to security licensing via the relevant regulatory authorities.

It is recommended that participants hold one or more of the following:

- Security Agents licence within jurisdiction of operation
- CPP20218 Certificate II in Security Operations
- CPP31318 Certificate III in Security Operations
- CPP31418 Certificate III in Close Protection Operations

Duration

This course is delivered using a combination of contact days, online learning and take home assessment projects.

Attendance requirements include 10-days of in-class training, followed by progress sessions that will be scheduled as required.

Participants are required to complete the online Knowledge Assessments prior to commencement of in-class training.

Just \$3595
