## Dual Security Qualifications

**Tactical Training's Career Package is designed for those who have higher aspirations and want to establish a career within the security industry.**

In South Australia, Certificate 2 in Security Operations is mandatory for General Guarding and Crowd or Venue control licensing endorsements.

But did you know there are different security job roles and some security employers may also need you to hold a higher level qualification such as Certificate 3 in Close Protection Operations?

Tactical's Career Package gains you both of these qualifications in one easy security training course package!

- Meets licensing\* requirements for General Guarding, Crowd or Venue Control and Body Guarding in South Australia  
(NOTE: Security licensing fees are payable directly to CBS and are separate from course fees)
- The step up to a Certificate 3 in Close Protection Operations broadens industry skills and knowledge, creating pathways to leadership roles and introduces essential risk management concepts that are a 'must have' at this level.
- RPL may be available to eligible participants

Full terms and conditions are available on our website in the Student Information menu.

Please note that all students are subject to a LLND assessment prior to enrolment.

\* It is the responsibility of the individual student to ensure they comply with the legislative requirements for the security industry. In SA more information about
